CAREER OBJECTIVE

Aspiring Data Science professional with a passion for solving real-world problems through data-driven insights and intelligent algorithms. Looking forward to leveraging academic knowledge and hands-on projects in machine learning, data science, and artificial intelligence to build impactful solutions.

SKILLS

Programming Languages: Python, C, Java

Web Technologies: HTML, CSS, JavaScript

AI/ML Libraries: Pandas, NumPy

Tools: Jupyter, VS Code, Git, Google Colab, Tableau

Database: MySQL, MongoDB

Soft Skills: Communication, Critical Thinking, Collaboration, Problem Solving

Core Skills: Data Structures, Object-Oriented Programming (OOP), Full-Stack Web Development

EDUCATION

B. Tech in Computer Science and Engineering (DS)

GITA Autonomous College, Bhubaneswar, Odisha

2024–2028 (Ongoing)

Current Semester: 3rd

CGPA: 9.42

Class XII(CBSE)

Jawahar Navodaya Vidyalaya, Jagatsinghpur, Odisha

2024

Percentage: 87.2%

Class X(CBSE)

Jawahar Navodaya Vidyalaya, Jagatsinghpur, Odisha

2022

Percentage: 90.4%

PROJECTS

Fake News Free Website & Application using Machine Learning

Technologies: Python, scikit-learn, Natural Language Processing (NLP)

Developing a machine learning website and Application to classify fake and real news articles.

HACKATHONS AND ACHIEVEMENTS

- **Selected** – Smart Indian Hackathon 2025 College Round: Maximized Section Throughput using AI Powered Train Traffic system
- **Participants** – BPUT Hackathon 2025: Developed System to monitor and alert regarding Air pollution

CERTIFICATIONS

- Python for Everybody– Coursera (2024)
- Everyday Excel I & II- Coursera (2024)

EXTRA- CURRICULAR ACTIVITIES

- IT Club Captain: At Jawahar Navodaya Vidyalaya, Jagatsinghpur
